LSA Major Repair and/or Alteration (MRA) Request Form

The portion below to be filled out by CubCrafters and returned to the Customer to sign

7. APPROVAL & ESTIMATE

Request Approved?	Yes:___ No:___	Justification:
Estimated Time:	_____ Hours	(# hours) x (\$100/hour) =: \$ _____

Approval of this request confirms that the requested modification to the aircraft, assuming all submitted information is correct, that the aircraft after modification will continue to meet the ASTM requirements for S-LSA certification.

Disapproval of this request confirms that the request modification will not qualify the aircraft for certification as S-LSA.

Should the engineering effort on this modification appear to exceed the estimated hours, a revised estimate will be provided prior to the expenditure of the added hours.

Work will be scheduled after receipt of payment of the estimate or revised estimate. Payment can be made by check, credit card or wire. Please contact us for wiring instructions.

Accepted: _____ Date: _____
